Independent Auditor's Report

The Board of Directors
of Nebraska Trails Foundation, Inc.
Lincoln, Nebraska

Opinion

We have audited the accompanying financial statements of Nebraska Trails Foundation, Inc. (a nonprofit organization) which comprise the statements of financial position as of December 31, 2022 and 2021 and the related statements of activities, functional expenses, and cash flows for the years then ended, and related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nebraska Trails Foundation, Inc. as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nebraska Trails Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about Nebraska Trails Foundation, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually, or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nebraska Trails Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nebraska Trails Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identify during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of changes in funds and net assets are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1: ORGANIZATIONAL STRUCTURE

Nature of Activities: Nebraska Trails Foundation, Inc. (the Organization) is a not-for-profit organization, which operates for charitable purposes including the solicitation of funding for the acquisition, development and promotion of multi-use recreational trails and parks lands adjacent to the trails within the State of Nebraska.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Presentation: The accompanying financial statements are prepared on the accrual basis of accounting. Under that basis, income is recognized when it becomes available and measurable, and expenses are recognized when the liability is incurred, if measurable.

Income Taxes: No provision has been made for income taxes in the financial statements. The Organization is a not-for-profit organization that is exempt from Federal and State income taxes under Internal Revenue Code Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's Forms 990, Return of Organization Exempt from Income Tax, for the years ending 2020, 2021, and 2022 are subject to examination by the IRS, generally for three years after they were filed.

Cash and Cash Equivalents: The Organization considers cash in operating bank accounts, certificates of deposits that are redeemed or mature within three months of the end of the year and temporary investments with a maturity of three months or less to be cash and cash equivalents.

Cash and cash equivalents consist of two checking accounts, one money market account, one non-federally insured STFIT account, and four certificates of deposit with maturity dates within three months of the date of the financial statements. At December 31, 2022, the balances of the checking and short-term interest-bearing accounts are \$121,821 and \$260,016, respectively.

Certificates of Deposit: Investments in certificates of deposit are recorded at cost. Subsequent write ups or write downs to fair value to recognize unrealized gains and losses are not recorded. Unrealized gains and losses have not been material to the financial statements. Certificates of deposit with original maturities greater than three months and remaining maturities of less than one year are classified as short-term investments. Certificates of deposit with remaining maturities greater than one year are classified as long-term investments.

Land: Land purchased for future trail development is stated at cost. Any costs that do not materially add value to the property are expensed as incurred. There is currently no land that has been purchased. Land donated to the organization is recorded at market value based on appraisal of the land.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Financial Statement Presentation: The Organization has presented its financial statements in accordance with generally accepted accounting principles for not-for-profit organizations and includes the adoption of ASU No. 2016-14. Under this guidance, the Organization is required to

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions. In addition, the Organization is required to present a statement of functional expenses.

Contributions: Contributions received are recorded as without donor restrictions or with donor restriction, depending on the existence and nature of any donor restrictions. All contributions are considered to be without donor restrictions unless specifically restricted by the donor or subject to legal restrictions. Contributions are recorded when promised as pledges receivable when a promise is, in substance, unconditional.

The Organization records contributions in the donor restriction class of net assets if they are received with donor stipulations that limit their use through either purpose of time restrictions or both. When donor restrictions expire – that is, when the purpose restriction is fulfilled or the time restriction expires – net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. It is the Organization's policy to record donor-restricted contributions received and expended in the same accounting period as contributions with donor restrictions and as net assets released from restrictions.

Net Assets Without Donor Restrictions: These are net assets that are not subject to donor-imposed stipulations. At December 31, 2022 and 2021 net assets without donor-imposed restrictions totaled \$146,578 and \$152,493.

Also included in this category are board designated assets. The board can resolve to identify net assets without donor restrictions to be used for a particular purpose. Board designated net assets as of December 31, 2022 and 2021 were \$126,403 and \$112,718 and are designated for trail projects. Of these designated net assets, \$18,000 was designated for the connection between Rushville and Mile Marker 400/Chadron project as of December 31, 2022. As of December 31, 2021 there was \$12,000 that was designated for the Wabash Trail Head Project.

Net Assets With Donor Restrictions: These are funds that have been restricted for the acquisition, development and promotion of specific multi-use recreational trails and adjoining park lands in Nebraska. These funds are not available for operating purposes.

Also included in this category are net assets subject to donor-imposed restrictions to be maintained permanently by the Organization, including gifts and pledges wherein donors stipulate that the corpus of the gift be held in perpetuity. See Note 5 for further information.

Cost Allocation: The financial statements report certain categories of expenses that may be attributable to more than one supporting function. Management has concluded that supplies, trail construction and trail maintenance, and website maintenance expenses are attributable to program services while bank charges, credit card fees, insurance, other expense, postage, and professional fees are attributable to management and general.

Concentration of Credit Risk: The Organization maintains its cash at two financial institutions. At December 31, 2022, one financial institution was in excess of the Federal Deposit Insurance Corporation insured amounts of up to \$250,000 by \$61,109.

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 3: CERTIFICATES OF DEPOSIT

The Organization has the following certificates of deposit at December 31, 2022 and 2021. Face values at December 31, 2022 and 2021, maturity dates and interest rates are as follows:

2022			
	<u>Amount</u>	<u>Maturity Date</u>	<u>Interest Rate</u>
<u>Current</u>			
CD Wells Fargo	\$ 200,000	1/12/2023	3.40%
CD Wells Fargo	200,000	3/30/2023	4.00%
CD #1793	100,815	1/7/2023	0.35%
CD #9738	100,817	3/10/2023	0.35%
Total Current	\$ 601,632		

All CD's are included in cash and cash equivalents as their maturity dates are within three months of the date of the financial statements.

2021			
	<u>Amount</u>	<u>Maturity Date</u>	<u>Interest Rate</u>
<u>Current</u>			
CD Wells Fargo	\$ 100,000	9/22/2022	0.15%
CD #1793	100,412	1/07/2022	0.55%
CD #9738	100,415	3/10/2022	0.55%
Total Current	\$ 300,827		

NOTE 4: FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board Accounting Standard Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2022 and 2021.

Level 1 Assets: The fair value of mutual funds is based on quoted net asset values of the shares held by the Organization at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Organization's assets at fair value as of December 31, 2022 and 2021:

	2022		
<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Vanguard Investment Mutual Fund	\$ 79,867	\$ -	\$ -
Total Investments	<u>\$ 79,867</u>	<u>\$ -</u>	<u>\$ -</u>

	2021		
<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Vanguard Investment Mutual Fund	\$ 93,152	\$ -	\$ -
Total Investments	<u>\$ 93,152</u>	<u>\$ -</u>	<u>\$ -</u>

The investment securities noted above are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 5: INVESTMENTS HELD FOR DONOR ENDOWMENT

The donor endowment fund was established in 2009 to support and promote the recreational trail system in Nebraska. Contributions to the endowment fund are subject to donor restrictions that stipulate the original principal of the gift is to be held and invested by the Organization indefinitely and income from the fund is to be expended for the trail system expenses. The following schedule summarizes changes in endowment fund net assets with donor restrictions for the years ended December 31, 2022 and 2021:

	<u>With Donor</u> <u>Restrictions</u> <u>2022</u>	<u>With Donor</u> <u>Restrictions</u> <u>2021</u>
Endowment net assets, beginning of year	\$ 94,336	\$ 79,392
Interest and dividend income	1,740	1,548
Net realized gains	4,443	6,015
Net unrealized gains	<u>(19,468)</u>	<u>7,381</u>
Endowment net assets, end of year	<u>\$ 81,054</u>	<u>\$ 94,336</u>

The Board of Directors of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as generally requiring the preservation of the fair value of the original endowed gift as of the gift date of the donor-restricted endowment funds absent donor stipulations to the contrary. As a result of this interpretation, the Organization generally classifies the original value of the gifts donated to the permanent endowment and the original value of subsequent gifts to the permanent endowment as net assets with donor restrictions. In accordance with UPMIFA, the Organization considers the following factors in making the determination to appropriate or accumulate donor-restricted endowment funds.

1. The duration and preservation of the fund.
2. The purpose of the organization and the donor-restricted endowment fund.
3. General economic conditions.
4. The possible effect of inflation and deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the organization.
7. The investment policies of the organization.

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires to be retained as a fund of perpetual duration. As of December 31, 2022 and 2021, no endowment funds were “underwater”.

The Organization has adopted investment and spending policies for the endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to return an investment in the range of 2-4%. The State of Nebraska includes, in its version of UPMIFA, an optional provision that creates a rebuttable presumption of imprudence if an organization spends more than 7% of the average fair value of the fund. No expenses were made from earnings from the endowment fund in 2022 and 2021, therefore, the fund meets this provision.

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 6: LIQUIDITY

All assets without donor restrictions are available for use for general purposes. The following reflects the financial assets as of the balance sheet date that are available to meet cash needs for general expenditures within one year:

Cash	\$ 983,468
Less: Accounts payable	(1,525)
Less: Donor restrictions excluding land and rail ties	(915,232)
Add: Donor restrictions included in endowment fund	<u>79,867</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 146,578</u>

General expenditures averaged around \$15,000 for the past three years. The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, as part of its liquidity management, the Organization continuously invests cash in various short-term investments that proved a greater investment return.

NOTE 7: CONTRIBUTED SERVICES

A number of volunteers have donated substantial amounts of their time to perform a variety of tasks that assist the Organization. However, since those donated services neither create or enhance nonfinancial assets nor require specialized skills, the value of the contributed services is not recorded in the accompanying financial statements. Management has not quantified the amount or value of those donated services.

NOTE 8: COMMITMENTS

The Organization has one commitment remaining at December 31, 2022. The commitment with Homestead Conservation Trails Association assists in the maintenance of the Chief Standing Bear Trail. The commitment requires an annual maximum payment of \$7,500 beginning in 2017 with the final payment to be made in 2037, for a total of \$150,000. The 2022 and 2021 payments were not made in a timely manner. The 2023 commitment noted below includes \$1,524 for 2021, \$7,500 for 2022, and \$7,500 for 2023. Expected payments for the Chief Standing Bear Trail commitment are as follows:

2023	\$ 16,525
2024	7,500
2025	7,500
2026	7,500
Thereafter	<u>78,750</u>
Total	<u>\$ 117,775</u>

NOTE 9: RELATED PARTIES

Great Plains Trails Network (GPTN) is a non-profit entity that is dedicated to the development, maintenance, and safe use of trails of the Lincoln, Nebraska community. GPTN is not a 501(c)(3), and as part of its fundraising strategy, encourages donors to make tax-deductible donations to the Organization. The two entities have similar missions and work together to accomplish the

Nebraska Trails Foundation, Inc.
Notes to the Financial Statements
December 31, 2022 and 2021

aforementioned trail projects. GPTN also collects donations and remits these donations to the Organization. During the years ended December 31, 2022 and 2021, these donations totaled \$11,928 and \$92,506.

NOTE 10: SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through July 7, 2023 the date which the financial statements were available to be issued.

NOTE 11: LAND AND RAIL TIES

As shown in the financial statements, a donation of land and rail ties was made to the organization on December 30, 2021. The non-cash items were recorded at market value based on the appraisal of the land. The donation is restricted by the donor as the Foundation is required to donate the land to FEVR Rail to Trail Foundation (FEVR) when they obtain an IRC Section 501(c)(3) non-profit status. Upon obtaining this status, the Foundation will record a payable to FEVR for the land and rail ties. If FEVR does not obtain this status within 24 months of the donation, the Foundation can use its own judgment to use, donate, or sell the land.
